Dear <<Name1>>:

The Amateur Athletic Union (AAU) is writing to inform you about a recent event that may have impacted the payment information for some website visitors and to assure you that we've taken additional steps to safeguard against future incidents. The AAU takes this incident and the security of your information very seriously.

The AAU has worked tirelessly during its 131 years of service to earn the public's trust as a champion of amateur sports across America, and we're committed to taking whatever steps necessary to maintain your ongoing support for that mission.

As a first step, we wanted to explain what happened and how we responded. We also want to tell you how to better protect yourself against potential fraud, if you think it's needed.

What Happened? On August 2, 2019, AAU, with the assistance of third-party forensic investigators, identified signs of malicious code on our site, play.aausports.org and determined that the code could capture information entered onto the site's checkout page from October 1, 2018 to July 2, 2019.

What Information Is Involved? The information potentially captured by the code includes the cardholder's name, address, and payment card information -- including number, expiration date, and CVV.

What We Are Doing. After determining exactly when the code was on the site, the AAU reviewed transaction records to promptly identify the names and addresses of everyone whose payment card data might have been compromised. We have completed that effort, and the code has been removed, which allows site visitors to again safely use their payment card on the checkout page.

With support from a team of forensics experts, we have conducted a thorough website review, in addition to implementing enhanced security measures to reduce the risk of a similar incident. The AAU has also notified the required state regulators and consumer reporting agencies about this incident. We want to again express our hope that these steps will help maintain your trust in the AAU as we move forward.

What You Can Do. You can learn more about how to protect against potential fraud in the enclosed "Steps You Can Take to Prevent Fraud and Identity Theft." We encourage you to remain vigilant against incidents of fraud by reviewing your account statements regularly and keeping a close eye on your credit card activity. If you see any suspicious activity, please report it to the bank that issued your credit card.

For More Information. If you have additional questions or need more information, please call our dedicated assistance line at 855-939-0541, Monday through Friday (excluding U.S. holidays), 9:00 a.m. to 9:00 p.m., Eastern Time. You may also write to AAU at P.O. Box 22409, Lake Buena Vista, FL 32830.

We sincerely regret any inconvenience or concern this incident may cause.

Sincerely,

Dr. Roger J. Goudy
President and CEO
Amateur Athletic Union

STEPS YOU CAN TAKE TO PREVENT FRAUD AND IDENTITY THEFT

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Experian	**TransUnion**	**Equifax**
P.O. Box 9554	P.O. Box 2000	P.O. Box 105788
Allen, TX 75013	Chester, PA 19016	Atlanta, GA 30348-5788

www.experian.com/freeze/center.html	www.transunion.com/credit-freeze	www.equifax.com/personal/credit-report-services

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
