RE: Important notice of data breach. Please read this entire letter.

Dear <<Name>>:

At Highmark, we take the security and privacy of all information very seriously, and we make every effort to ensure that confidential information is protected and kept secure. Unfortunately, we are notifying you of a non-permitted disclosure of your protected health information (PHI).

What happened? On December 15, 2022, Highmark discovered that a Cyber Security Incident occurred whereby an employee was sent a malicious email link that led to their email account being compromised. The compromise occurred between December 13, 2022, and December 15, 2022. During this Cyber Security Incident, a threat actor may have accessed emails within our employee's email account. During our investigation and review of the impacted employee mailbox, we determined some of the emails that may have been accessed contained your protected health information.

What information was involved? The data elements that were potentially disclosed include your name; social security number; enrollment information such as your member identification number, group name, or group number; claims or treatment information such as claim numbers, dates of service, procedure or prescription information; financial account number and password or routing number; and, in some cases, your address, date of birth, phone number and email address.

What are we doing? Consistent with corporate policies and procedures, Highmark has taken internal actions to safeguard your protected health information. The mailbox was immediately shut down, network blocking was implemented, passwords were reset, and the enterprise will continue to enhance email security controls. Additional training and education has been provided to employees in regard to the Cyber Security Incident to make them aware and help prevent future Cyber/Phishing attempts in the future.

While, at this time, we have no evidence that your information was misused, our risk assessment on this incident concluded that notice to you is appropriate. To help protect your identity, we are offering complimentary access to Experian IdentityWorksSM for 24 months at no cost to you.

If you believe there was fraudulent use of your information as a result of this incident and would like to discuss how you may be able to resolve those issues, please reach out to an Experian agent. If, after discussing your situation with an agent, it is determined that identity restoration support is needed then an Experian Identity Restoration agent is available to work with you to investigate and resolve each incident of fraud that occurred from the date of the incident (including, as appropriate, helping you with contacting credit grantors to dispute charges and close accounts; assisting you in placing a freeze on your credit file with the three major credit bureaus; and assisting you with contacting government agencies to help restore your identity to its proper condition).

Please note that Identity Restoration is available to you for the 24 months from the date of this letter and does not require any action on your part at this time. The Terms and Conditions for this offer are located at www.ExperianIDWorks.com/restoration.

While identity restoration assistance is immediately available to you, we also encourage you to activate the fraud detection tools available through Experian IdentityWorks as a complimentary 24-month membership. This product

Information about Identity Theft Protection

Monitor Your Accounts

We recommend that you regularly review statements from your accounts and periodically obtain your credit report from one or more of the national credit reporting companies. You may obtain a free copy of your credit report online at www.annualcreditreport.com by calling toll-free 1-877-322-8228, or by mailing an Annual Credit Report Request Form (available at www.annualcreditreport.com) to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

Equifax®
P.O. Box 740241
Atlanta, GA 30374-0241

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Full name, with middle initial and any suffixes;
- 2) Social Security number;
- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill;
- 6) Other personal information as required by the applicable credit reporting agency;

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.

Monitor Your Personal Health Information

If applicable to your situation, we recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive the regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline. If you are a California resident, we suggest that you visit the website of the California Office of Privacy Protection at www.privacy.ca.gov to find more information about your medical privacy.
