Notice of Data Breach

Dear <<First Name>> <<Last Name>>,

What Happened

This letter is written to inform you that between May 30, 2023 and June 1, 2023, Alogent Holdings, Inc. ("Alogent"), was victim of a zero-day vulnerability within one of their vendors software, Progress Software's MOVEit Transfer application (CVE-2023-3462). A compromise of a server exposed data, which included account information, related to checks processed through Alogent's customer, Huntington Bank.

What Information Was Involved

After reviewing the compromised files, it appears that some of your information may have been accessed by an unauthorized malicious third party. The data set included account and routing numbers, name, address, phone, check payee and remittance amount.

What Has Been Done

Alogent has discontinued the use of the MOVEit Transfer software after the compromise was discovered and is working to replace this solution, as well as to establish improved security measures to mitigate risk in the future.

What You Can Do

Alogent is offering identity theft protection services through IDX, A ZeroFox Company, a data breach and recovery services expert. IDX identity protection services include: 12 months (24 months where required by state regulations) of CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed ID theft recovery services. With this protection, IDX will work to help you resolve issues if your identity is compromised.

We encourage you to contact IDX with any questions and to enroll in the free identity protection services by calling [TFN] or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Pacific Time. Please note, the deadline to enroll is [Enrollment Deadline].

Again, at this time, there is no evidence that your child's information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives are fully versed on the incident and can answer questions or concerns you may have regarding protection of your child's personal information.

For More Information

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. You will need to reference the enrollment code at the top of this letter when calling or enrolling on online, so please do not discard this letter.

Please call [TFN] or go to <https://app.idx.us/account-creation/protect> for assistance or for any additional questions you may have.

Sincerely,

Recommended Steps to help Protect your Information

1. Website and Enrollment. Go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Telephone. Contact IDX at [TFN] to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

3. Watch for Suspicious Activity. If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

4. Security Freeze. You may place a free credit freeze for children under age 16. By placing a security freeze, someone who fraudulently acquires your child's personal identifying information will not be able to use that information to open new accounts or borrow money in their name. You will need to contact the three national credit reporting bureaus listed below to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your child's credit files.
