RE: NOTICE OF DATA BREACH

Dear <<Full Name>>,

We are writing to inform you of a data security incident that we recently experienced which may have impacted some of your information. This letter provides details about the information impacted in this incident, our response, and the resources available to you to help protect your information from possible misuse, should you feel it is appropriate to do so.

What Happened

On November 16, 2023, we discovered that we were the victim of a cybersecurity incident that impacted certain administrative files stored on some of our facility systems in Florida. As soon as we became aware of this incident, we promptly took steps to secure our systems, launched an investigation, and engaged external cybersecurity experts to assist.

The investigation revealed an unauthorized actor accessed some of our facility systems in Florida and certain administrative files included in those systems between October 30, 2023, and November 16, 2023, and some administrative files were copied from those systems on November 16, 2023. We conducted a robust review of the data to identify individuals whose information may have been impacted and worked to obtain addresses and notify individuals as quickly as possible after completing our review on March 15, 2024.

What Information Was Involved

The impacted information may include your name, Social Security number, Driver's License number, date of birth, and/or insurance, benefit, or other health-related information.

What We Are Doing

We have arranged for you to receive a complimentary 2-year subscription to CyEx Identity Defense Total at no cost to you. This identity theft and fraud monitoring service will notify you of changes to your Equifax, Experian, and TransUnion credit reports, which allows you to identify any potential fraudulent activity on your reports.

We took additional steps to secure our systems and we continue to evaluate technical and organizational measures to avoid the recurrence of a similar incident.

What You Can Do

ADDITIONAL STEPS YOU CAN TAKE

Free Credit Report. Regardless of whether you choose to take advantage of the complimentary identity monitoring, it is always advisable to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. If you identify any unauthorized charges on your financial account statements, you should immediately report any such charges to your financial institution. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit <https://www.annualcreditreport.com/index.action> or call toll free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at <https://consumer.ftc.gov/>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Contact information for the three nationwide credit reporting companies is as follows:

<u>Equifax</u>	<u>Experian</u>	<u>TransUnion</u>
<u>Phone: 1-800-685-1111</u>	<u>Phone: 1-888-397-3742</u>	<u>Phone: 1-888-909-8872</u>
<u>P.O. Box 740256</u>	<u>P.O. Box 9554</u>	<u>P.O. Box 2000</u>
<u>Atlanta, Georgia 30348</u>	<u>Allen, Texas 75013</u>	<u>Chester, PA 19016</u>
<u>https://www.equifax.com/</u>	<u>https://www.experian.com/</u>	<u>www.transunion.com</u>

For Colorado, Georgia, Maine, Maryland, Massachusetts, New Jersey, Puerto Rico, and Vermont residents:

You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Security Freeze. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator, or have a valid power of attorney, you can get a free freeze for that person, too.

How will these freezes work? Contact all three of the nationwide credit reporting agencies – Equifax, Experian, and TransUnion. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee.

Don't confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock.

The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. You may obtain information from the credit reporting agencies and the FTC about security freezes.

For New Mexico residents: You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

For Colorado and Illinois residents: You may obtain information from the credit reporting agencies and the FTC about security freezes.

Fraud Alerts. A fraud alert tells businesses that check your credit that they should check with you before opening a new account. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report. You may obtain additional information from the credit reporting agencies and the FTC about fraud alerts.
